Cystic Fibrosis Children's Hour Drive Scheduled

Three Lemon Grove-La Mesa residents will serve as chairmen in their areas when 3,400 volunteers march door-to-door Monday, July 29, to stop the "Great Masquerader."

They are Mrs. Marie Goldsmith, 2341 Di Foss st., Lemon Grove, and Mr. and Mrs. John H. Gill, 10595 Rancho rd., La Mesa, who will serve in the Spring Valley area.

The volunteers will be part of the Children's Hour, a county-wide appeal ending the Cystic Fibrosis campaign drive this month. Volunteers will call from 3 to 9 p.m.

The "Great Masquerader" is Cystic Fibrosis, a disease that kill more children than polio in its pre-vaccine area and rivals cancer as a cause of death up to age 15.

CF causes thick gluey mucous to clog the lungs and other internal organs. It frequently masquerades as asthma, chronic bronchitis or even as an allergy.

Its victims, all children, rarely live past age 10.

For most families, cystic fibrosis is a staggering economic drain. Antibotics, special breathing equipment, vitamins, enzymes, special diets all are needed. Antibiotics, for a simple case of measles spells death 50 per cent of the time for a CF child.

Funds raised by the CF campaign will aid research in discovering the key to this now incurable disease.

The National CF Research Foundation already has discussed establishing a clinic in San Diego for care of CF victims. The clinic would work with the CF research center in Los Angeles, one of 30 such centers in the nation.

Sanitation Tax Cut Seen Here

SAN DIEGO (CNS)—Supervisor David W. Bird this week told residents of Lemon Grove and Spring Valley that a Sanitation tax cut was in store for them.

"The cut is going to be substantial," Bird said as supervisors adopted the 1963-64 budget Monday.

Bird said the Spring Valley Sanitation District tax rate would be reduced 15 cents from 48.9 cents last year. He said 33.9 cents per $100 assessed valuation will be necessary to meet the District's budget.

Helix District Awarded $900,000

Governor Edmund G. Brown announced Monday that he has signed bills granting $25,365,000 for recreational development projects under the Davis-Grunsky Act.

Among them is Assembly Bill 1076 by Assemblyman Hale Ashcraft of Rancho Santa Fe, which awards $900,000 for recreational functions incidental to the construction of Chet Harritt Dam and Reservoir. The reservoir, under the auspices of the Helix Irrigation Disrict, provides drinking water to some 136,000 customers of the east San Diego County area.

"The grants will enable local water districts to provide important additional recreational facilities of benefit to all Californians," the governor said.

EH PIERRE! REGARDEZ LA CAMERA—Teresa Wagner, 9, smiles for her recent run of good fortune. She won the $100 poodle, Pierre, at the Crazy Daze street dance Saturday, and captured the second place trophy in the talent contest for her Roaring 20's song and dance act. She was also a runner-up in the Imperial Beach Sun 'N' Sea Festival. Teresa is the daughter of Mr. and Mrs. Louis Wagner, 2061 Dayton dr., L.G.

The street dance and talent show climaxed July Crazy Daze, one of the most successful promotions in recent years, said several local sponsors. "Broadway parking was at a premium just like two years ago," said several.

A four days series of events was sponsored by the merchants' division of the chamber of commerce. A moonlight sale, a car cavalcade, a helicopter flying from Lemon Grove's first (and temporary) heliport were among the attractions. The Sonka banquet, (elsewhere in this issue) wa a major event. One retailer, the L.G. Dairy Queen, held a "watermelon bust" in which 1,024 pounds of juicy melons were given free to youngsters one afternoon. "Only a couple of youngsters got into a rind fight but we quieted that in a hurry," Chuck Buckles, DQ manager said.

"It all proved," said a veteran retailer, "that people like to shop in Lemon Grove—if they're invited."

Fractured Hydrant Quenches Gunman

by Tom Gorton
News Editor

"This is it."

The man in the back seat of the Yellow Cab leaned forward, grabbed the cabbie around the neck with his right arm, and put the muzzle of a pistol against the driver's right temple.

Then the cabbie, Alfred R. Henderson, 57, of 1425 Presioca rd., Spring Valley, acted on impulse.

First Reaction

"I just stepped on the gas and took a left on Second, which is a one-way street going south. My first reaction was to attract police attention," Henderson said.

He said he picked up two men at the San Diego Hotel in his cab and was proceeding to National City along Market st., San Diego, when the man attempted the hold-up.

As Henderson was making the turn into Second ave., he said the robber pulled him back away from the steering wheel.

Slammed Into Hydrant

"We slammed into the fire hydrant on the northeast corner of Market and Second. The next thing I knew I was talking to a Yellow Cab supervisor."

The fractured hydrant shot water like a geyser, and quenched the gunman's ardor for robbery.

Men Turn Tail

The two men in the back seat fled, but one stopped to ask Henderson if he was injured.

He tried to make an escape after a crowd had gathered an was arrested moments later. Det. D. E. Smith identified him as John Glen Holt, 24, a sailor of the 11th Naval District Head quarters.

Holt denied he was an accomplice in the robbery. He said he had just met the gunman, and was going to have a drink with him. Holt was booked on suspicion of robbery after Henderson identified him.

Taken to Hospital

Henderson was taken to Mercy Hospital and received X-rays and first aid. He is under a doctor's care for internal injuries and lacerations on his forehead where the pistol was pointed.

The pistol, later found in the front seat of the cab, was discovered to be a toy, Henderson said.

The gunman, who escaped, would have looted a total $12.80, Henderson said.

Board Approves College Budget

A $1,379,489 budget was approved at the regular meeting of the Grossmont Junior College District Governing Board.

The budget is scheduled for final adoption at a public hearing August 5.

This budget will require a tax rate of approximately 32 cents, an increase of three cents over the 1962-63 rate.

Possible Change

Harold G. Hughes, deputy district superintendent, pointed out that possible changes in the allocation of State funds now be considered in the special session of the legislature could change the income position and the estimated local tax rate.

Hughes said that the reduction in tuition payments to San Diego Unified School District from $250,000 in 1962-63 to $120,000 was the main reason for this reduction.

Sources Named

He also indicated that "under present State allocation laws 76.36 per cent of the estimated revenue must come from local sources and only 18.3 per cent is available from State sources. It is hoped that legislative action by the special session will reduce the abnormally high percentage of local effort."

Construction Extended

In other action, the Governing Board approved a recommended three week extension on grading operations on the new junior college site in Fletcher Hills. A. A. Baxter Corporation is contractor of the grading, now over 60 per cent completed.

Board Okays Permit for 90-Foot Spire

SAN DIEGO (CNS) — The Lemon Grove Methodist Church has been granted a permit to build a church at Washington and Golden and will be allowed to erect a spire 90 feet high from the ground.

Supervisors Tuesday overruled the Planning Commission which said only a 70-foot spire should be allowed.

Another requirement imposed by the planners was wiped out by the board. This was that the church erecet a fence around its property where it abuts other property.

Church member and lawyer, Frank Armstrong, the spokesman, said that the church had gotten the agreement of neighbors that a planting strip take the place of the fence. He said the neighbors actually did not want fences. He said the church property is so much lower than the rest there will be no problem from car lights.

The church, was however held to the requirement that its sign not exceed 25 square feet and that it have non-reflective lighting.

The hearing was attended by at least 20 persons, some of whom expressed their gratitude to the board after the go-ahead decision.

There was no one in opposition.

A present issue of 2 million has been sold at a favorable rate according to Harold Hughes, assistant district superintendent, providing funds to cover planning and construction needs to date.

TESTIMONIAL—Yesteryear was the theme as the Lemon Grove Men's Club brought A. F. Tony Sonka to a banquet in his honor last week. Sonka, left, was picked up in the 1927 Studebaker touring car driven by Clarence Scheidle. Sonka was greeted by Darlene Anderson, as Miss Lemon Grove, and Charles Buckles, far right, chairman of the affair. Inside the banquet hall, at Michaels, more than 150 of Sonka's friends greeted him. Before the dinner was to start, firemen were also to greet him as a flash fire broke out in the kitchen of the cafe.

Friends, Fire Greet Sonka

Approximately 240 admirers of A. F. (Tony) Sonka braved heat and fire to pay homage to him at a banquet last week on Thursday.

A fire, which broke out in the kitchen of Michael's just as steaks were being laid on the broiler, delayed proceedings an hour. The heat followed when the air conditioned unit broke down because of the fire.

Burn Hands

While Sonka was accepting several plaques and awards, firemen were wrapping up the loose ends of the fire which was restricted to the kitchen. Approximately $600 in damage was done and L.G. Fire Captain Mark Foote, and restaurant operator Bill Goldy suffered burns about the hands.

Fire Chief Pappy Hensley and Assistant Chief Fred Dixon, dressed for the banquet and taking part in it, hurriedly joined their firemen on the roof, bringing the grease fire under control quickly.

Clock Given

The L.G. Men's Club presented a wall clock, suitably engraved, to Sonka as one of the rewards for his leadership. The large clock, more than 18 inches square, was in walnut and gold. Gold, the decor of the banquet, represented the "gold of Tony's heart", Charles Buckles said as he made the presentation for the Men's club.

John Dail, local insurance man, opened the festivities by pointing out that the banquet was being held during L.G. Crazy Daze.

Engraved Plaque

Anderson Borthwick, president of the First National Bank gave Sonka a plaque which had Sonka's likeness engraved upon it. "A splendid award for Lemon Grove's first citizen," he said.

Forrest Baxter, International Counsellor of Lions International presented the valued Charter Chevron Award of the Lions club.

Supervisor David E. Bird, main speaker, gave him a copy of a resolution adopted by the Board of Supervisors, citing Sonka for service and leadership. Toastmaster Municipal Judge Luther N. Hussey observed that the Resolution was one of the better ones because it had five "whereases" in it. "The best ones only have seven," he said.

A memento book was awarded Sonka by Paul Lines of the Land Title Co. The Boy Scouts troop gave him a framed certificate.

Admirers Parade

A line of Lemon Grove residents paraded to the microphone to pay homage to the man some of them had known for more than 50 years. He came here in 1910.

Sonka had developed respect and admiration because of his charity, leadership and friendliness during the years, speakers pointed out.

Judge Hussey was the happy choice as toastmaster. His wide acquaintanceship and easy memory for incidents attached to names brought many people into the program who would not otherwise have been noted.

Judge Hussey was assisted in his chore by Men's Club President Jack Cummings who read many telegrams and passed them on to Darlene Anderson, a Miss Lemon Grove beauty. Darlene planted a kiss firmly on Sonka's face each time she

L.G. Men To Probe Incorporation

A report on the feasibility of incorporation will be given to the Lemon Grove's Men's Club Friday by the committee appointed July 12.

Frank Armstrong, committee chairman, said his group will make a recommendation based on the committee's study at the club's meeting Friday at noon at Michael's.

The committee consists of Jesse Lee, a travel agency operator; Charles Buckles, a retailer; Ray Brehm, a realtor, and Dr. Frank Gigliotti, a retired minister. Armstrong is an attorney.

Incorporation was voted down in 1955 and 1958. The first election was 2,180 to 1,607 and the second was 2,783 to 2,301. The population of Lemon Grove, usually established by elementary school district boundaries, is estimated at 23,000.

The Men's Club has investigated both incorporation and annexation several times in the past year.

The present study comes as the result of new legislation which would restrict the self-determination of unincorporated areas.

The new law goes into effect in September. A petition for incorporation just before the effective date would hold the law in abeyance for 90 days, Armstrong said.

Tom Neff, Grossmont College librarian, scheduled to discuss the "Dictionary of American Slang" said that he had decided against it. He gave no reason.

President of the club is Jack Cummings, local B of A manager.

Bored, Curious Children Cause Climb in Fires

"During the summer months there is an increase of juvenile fires over the winter months of about 80%", said Captain Dick Sass of the Spring Valley Fire Department.

The number of fires caused by children playing with matches is twice the number attributed to any other single cause. Since January 1, 1963, the fire department has answered 114 fire calls; of these, 43 were attributed to juveniles. In 1962, 54 of 183 fires were started by children with matches.

"Experimenting, boredom and curiosity are the reasons, especially among younger children," claimed Sass. "There is definitely more mischief during the summer vacation." The ages of children who start these fires run from 1 to 15 years. The number of fires started by juveniles rises during all extended vacations.

"As summer goes on, the nmber gets higher. Kids are getting out of summer school, and coming back from vacations," according to Sass.. Boredom ingresses. "Very few are started with malicious inetent."

Floral Designer At Workshop For Decorating

New techniques and new media were the feature of a recent workshop and seminar in Temple City, Calif. for floral designers creating Christmas decorations, displays and designs.

Noted floral designer and TV personality, Aleene, demonstrated the newest products and ideas to selected designers and teachers throughout the U.S.

Attending from Lemon Grove was Mrs. H. K. Thursland of Grove Display on Imperial ave.

In addition to working with materials such as dream puff, leaves from real Cycas Palms, different types of metal, synthetic raffia, the graduate students created designs from "junk" and from odds and ends of materials found in every home.

Christmas wreaths of newspapers, door plaques made of roses created from paper drinking cups, Christmas trees from egg cartons and macaroni, and novelty figures made from plastic spoons and cardboard tubes were a few of the decorations made at workshop.

Mrs. Thursland exhibit these designs and will lecture to local clubs and organizations during the holiday season.

Truck Law Brings Brown To Donovan

State Assemblyman Richard J. Donovan of this district was lauded by the California Teamsters for one of his series of highway safety measures in their publication last week.

Donovan's AB 1921, making trucking employers responsible for equipment citations, was signed by the Governor and will go into effect as part of the Motor Vehicle Code September 20.

Donovan explained that under the present system CHP officers have to prepare lengthy formal complaints to the owners of vehicles on equipment citations. "It's been easier to issue equipment citations to the driver and avoid all that paper work," he said. Under the new Vehicle Code law, equipment citations which are deemed to be the responsibility of the employer-owner of the vehicle will be sent to him directly.

The new law also provides that in addition to registration, equipment, size, weight, and loading provisions for which the employer can be made a co-defendant, he may also be held responsible for any administrative regulations adopted by the Department of Motor Vehicles or the California State Highway Patrol persuant to the Vehicle Code. Donovan's bill absolves truck drivers of responsibility for equipment violations which are not his fault; however, it does not excuse a driver operating at night with only one headlight or other obvious hazards.

Several other Donovan bills aimed at highway safety have recently been signed by the Governor. One of them restricts the high handlebars and seat adjustment of motorcycles. Two Donovan measures effect hit-run accidents wherein property damage or striking unattended vehicles is involved. Drivers involved in such accidents are now required to notify immediately, instead of within 24 hours, the appropriate law enforcement agency if he cannot locate the owner of the struck vehicle. A second bill authorizes suspension of licenses when drivers fail to comply with these provisions as well as to stop.

Trust Pays 1% Dividend

A 1% dividend on the outstanding 238 shares of the newly formed Helix Real Estate Investment Trust has been declared payable Oct. 1 to stock of record as of July 1, it was announced by Dr. Peter Shea, treasurer of the new trust.

Dr. Shea, a L.G. dentist, said that 114 shareholders own the $500 shares. The trust was organized under the federal act permitting small investors to share in the income from improved properties, free of corporation taxes providing that at least 90% of the income is distributed to shareholders.

The dividends, he added, will be paid out of advance payments by the Denny Coffee Shops, owners of 84 units in the southwest, on a 20-year lease to a building to be constructed by the trust at Ninth and Ash streets, at a cost of $250,000, including the half acre site, said Dr. Shea.

Dr. T. G. Lambron, of La Mesa, is chairman of the board of the new trust.

Coronado Ford Show Tops Sightseeing List

A Model "A" Ford Meet is on the top of the list of things to see in the Southland this week, reports the Automobile Club of Southern California.

The old Fords will be on display July 29-31, 9 a.m. to 5 p.m., in the East Plaza park, 6th and Orange, Coronado. Many of the cars have been driven across the country for the Henry Ford Centennial. There is no admission.

Rotary Club Gives Emergency Aid to L.G. Plaza Project

The Business Women's League stamped "urgent" on a request for funds for the upkeep of the plaza in Lemon Grove last week and the L.G. Rotary club provided the aid, according to Mildred Huebsch, project chairman for B.W.L.

The plaza, which runs a block in both directions from Broadway along Imperial, was in danger of being given back to the weeds several weeks ago, Mrs. Huebsch said.

Money ran out and the women of B.W.L. started using deficit financing from their bowling league funds to pay the upkeep. The money was to have been used for trophies.

Dr. Sam Smith, president of the L.G. Rotary Club, asked his directors this week to increase the budget to provide $100 for the project instead of $50 given last year. The board approved and a momentary crisis of the plaza was overcome.

"We hope others will make contributions, too," said Mrs. Ruth Willingham, B.W.L. president.

Psychiatrist To Speak On Reality Therapy Tonight

Dr. William Glasser, professor of psychiatry at the University of California at Los Angeles, will speak Thursday at a public meeting of the California Probation, Parole and Correctional Association.

The meeting will begin at 8 o'clock tonight in the San Diego County Education Center, 6401 Linda Vista rd.

Glasser will discus "Reality Therapy, a New Approach to the Young Offender."

Author of **Mental Health or Mental Illness**, Glasser is also a consulting psychiatrist for the California Youth Authority's Ventura School for Girls, Ventura, California; the Adult Authority's new narcotics commitment project, California Rehabilitation Center; Los Angeles Orthopedic Hospital; and has private practice in Los Angeles.

Dr. Glasser's reality therapy approach recognizes that the basic problem of a law offender is his unwillingness to assume responsibility for his behavior to himself and to his community.

"Correctional problems are a dramatic expression of this difficulty," he said. He further states that one cannot change present behavior unless he is able to tie it clearly to its roots in the past.

"Traditional Therapy drags him back into his forgotten past which blocks his progress and excuses his behavior, leaving him exactly where he was before, or worse," he said.

For further information contact Miss Dorothy Dean of San Diego County Probation Department at 233-8011.

LETTERS TO THE EDITOR

CRAZY DAZE CHAIRMAN THANKS PARTICIPANTS

Dear Editor:

July Crazy Daze being over, I would like to thank the people of Lemon Grove for their enthusiasm; the merchants who cooperated and members of the Crazy Daze Committee, under the direction of Don Johns and myself, whose hard work and faith in the future of this fine community made the promotion successful.

The climax of the event was the Tony Sonka Banquet and it was an outstanding success, too.

To the members of the Men's Club who served on the Banquet Committee: John Dail, Dr. F. Gigliotti, Floyd Tiderman, Keith Bodily and Jack Cummings goes my appreciation.

To the Sheriff's Department, Miss Lemon Grove, first runner-up, Darlene Anderson, Clarence Scheidle and Mrs. J. Dail go my thanks for special services.

To Sam Pernicano, L. Brouillard, Earl Warren, Ann Kiss, Claude Sarvis and Hal Lenox also goes my special thanks for their assistance.

Respectfully
Charles Buckles Jr., chairman
Crazy Daze Committee,

delivered the messages to him at the end of the head table.

Bird Reminisces

This led Supervisor Bird to observe, when he started reminiscing of the earlier days when he and Sonka worked together on local projects, that "for all his years of service he's in better shape than most of us. He's gotten a score of kisses from the beautiful Miss Anderson and he isn't "kissed out" yet."

Dr. Frank Gigliotti was in charge of tickets and seating. The dining room was crowded in order to accommodate as many of Sonka's friends as possible.

Even so, many were turned away due to lack of seating.

Sonka closed the party with a plaintive, touching speech of barely one word for each year he lived here. "I hope that you all get as much honor for living here 50 years as I have," he said.

He was given a standing ovation and the cafe was closed until wednesday of this week for repair and face-lifing.

The Sad Tale of 10 Free-Workers

One of our constant readers, Col. Robert Pulliam, provided us with a splendid lesson in how our freedoms are being lost with this excerpt from the Otter Tail Power Co. publication in Minnesota.

The material is about Reddy Kilowatt, the animated symbol used by many power firms.

The poem is changed slightly from it original form, to improve the meter.

10 little free-workers with Reddy doing fine,
Socialists got him and then there were 9.

9 little free workers laughed at Reddy's fate,
Along came medicare and then there were 8.

8 little free-workers thought this country heaven,
The government took over railroads and then there were 7.

7 little free-workers, the miner's got in a fix,
Uncle said coal's essential, then there were 6.

6 little free-workers 'til the day did arrive,
The steel mills too, were federalized, then there were 5.

5 little free-workers, but the farmers' free no more,
The farms have been collectivized, that leaves only 4.

4 little free-workers, 'til the government did decree,
All must have free legal aid, then there were only 3.

3 little free-workers, the number is getting few
Government groceries selling food left but only 2.

2 little free workers, our story's almost done,
With clerks at work in federal stores, that leaves only 1.

1 little free-worker, the reporter, son of a gun,
Mustn't criticize the government so now there are none.

The Copperhead," written by Augustus Thomas, is a period play. It appeared in the transitional era after the early American melodramas and before the advent of the realistic play of Eugene O'Neill.

The play was first produced at the Shubert Theatre in New York in 1918. Coming at the time of the First World War, "The Copperhead" found a real response in audiences stirred with a sense of national feeling.

In the play an Illinois farmer, Milt Shanks, is asked by President Lincoln to join the copperheads, northerners who were sympathetic to the southern cause, and spy on them. He agrees to aid the Union in this way at the risk of losing the love and respect of his family and friends. Suspense and dramatic climax combine to resolve the plot.

Keith L. Richard, a graduate student at San Diego State, is directing the play in partial fulfillment of the requirements for the master of arts degree in theatre.

Utt Says GSA Tries Censorship

Rep. James Utt (R. of Calif.) today blasted what he termed "unconscionable censorship" by the General Service Administration in banning magazines of political opinion from sale on newsstands in Federal office buildings.

"This is not 1984. We don't need self-appointed political thought directors in our Federal Government," Utt declared. He said the GSA regional office order banning sale of opinion magazines "illustrates the dangers of allowing the power of 'selection' of reading material to rest in the hands of Federal appointees."

He said it is reprehensible that any Federal official should take it upon himself to prescribe what thousands of Government employees can purchase at newsstands. He said the GSA explanation that the ban was intended only for "girlie" magazines indicates "monumental deceit." Anyone who can't tell a serious political thought magazine from a girlie book has no business making Governmental decisions which affect the welfare of millions of our citizens, he declared.

The GSA ban is effective in California, Hawaii and Nevada. Utt said that the "heavy hand of Big Brother, whose zealous paternalism is rapidly getting out of bounds," should be lifted from newsstands.

TROPHY ON DISPLAY

Through arrangements made by friends of Harry Warburton of La Mesa, the Grossmont College Perpetual Trophy for outstanding contribution in competitive intercollegiate Track has been placed on display. The trophy, donated to the College by Warburton, may be seen daily at the La Mesa Branch of the Bank of America.

The trophy for 1963 was awarded to Les Cites, former Grossmont High and El Capitan High athlete. Cites performed as a shot putter, placing third in the Eastern Athletic Conference and representing the College at the State of California Track finals. Cites will enroll at Grossmont College again this fall where he is expected to compete in football, also.

Warburton is a long-time resident of San Diego, a real estate developer, and an active participant in civic affairs.

APPOINTMENTS

Classified personnel advancements and appointments to positions within the Grossmont Junior College District were announced by the college Board of Trustees.

Two postions as student personnel clerks and one in admissions and records were filled by Karen Hamlin of La Mesa, Fredda Ferlin of Alpine and Ruth Camp of Spring Valley, each of whom stepped from other positions within the district.

Hazel Lynch, El Cajon, was approved in the position of P.B.X. operator; Dolores Alt, also of El Cajon, becomes the duplicating clerk, Rita Mallow, Lemon Grove, will assume a bookkeeping position, and Donna McLean, of La Mesa, is the new secretary to Mr. C. Allen Paul, who recently became associated with Grossmont College to head the Technical Education program.

ENROLLMENT JUMPS

Enrollment in Grossmont College for Summer Session, 1963, is up 90 students over last year, college officials indicated today.

Students this year are enrolled in 21 different courses taught by 14 instructors. No classes offered for registration last week were cancelled because of lack of interested students.

Most popular courses, evidenced by heavy early choice among students, were chemistry 2A, sociology 1, and physical science 1. An expanded interest in the evening summer program was apparent. Classes will be held on the Monte Vista High School campus through August 8.

Harmon of Lakeside, who had anticipated entering Grossmont College when he graduated from high school.

Board Considers Landscaping for College Campus

The relative merits and demerits of olive and eucalyptus trees became a prime part of the Grossmont Junior College board meeting July 15.

The board considered a master landscaping plan for the 138 acre college site prepared by the architeects which called for extensive planting of these varieties of trees.

The plan proposed to line the long entrance road to the college with olive trees and use eucalyptus on the many perimeter areas. The trees mentioned were condemned as messy, yet praised for their evergreen nature and low water demands.

The landscape plan, to be partially developed as an alternate in the initial college construction contract, would eventually fully develop all areas, including slopes and walkways.

The first areas developed would mean a probable $100,000 bid contract and would include the cost of the sprinkler systems.

Apes Treat Boy Scouts

The APE Patrol of Boy Scout Troop 354 of Spring Valley led the troop on a beach hike Saturday. The APE (Aiding Potential Experts) Patrol is comprised of the fathers who are committeemen and leaders of the troop.

On all other occasions, the Scouts do the work and buy supplies. Twice a year, the APE Patrol reverses the pattern and treats the boys. The fathers bought hot dogs and soda pop, and did the "dirty work" for the boys on Saturday's hike.

The hike took the boys to Mission Bay, where they worked out in canoes and rowboats, and learned general water safety.

Submarine Veterans Plan Meeting, Picnic

Scout Troop 309 Packs for Camp

Lemon Groves' Boy Scout Troop 309 is readying itself for a seven day summer camp at Yosemite National Park.

This is the climax of a year of monthly camp-outs in the San Diego County area.

The following boys will be making the trip: Mike Hall, Steve Hall, Mike Collette, Richard Hicks, Steve Vance, Tom Tom Marshall, Cecil Troxell, Mike Ela, David Beldon, Randy Fenwick, Jon McClure, Kent Morgan, Kurt Morgan, Hank Nottingham, Steve Evenoff, Richard Beldon, Carl Denlinger, Pat Ela, Jim Folk, and Don Nottingham.

The boys will be accompanied by Soutmaster Lee Nottingham, Assistant Scoutmaster Jim Folk, Harvey Downer, Ernie Denlinger and Ben Ela.

The group will leave from the old Congregational church building on Main st. at 6:30 p.m. August 2, and will return August 11.

Summer Camp funds are obtained through the sale of Christmas trees in central Lemon Grove during the holiday season. Because so many people shop outside the Lemon Grove area, it has become increasing-raise enough money for their summer camp.

This year the troop will have to forego the convenience of bus transportation due to shortage of funds. The trip will be made by private cars.

The institution chartering Troop 309 is the First Congregational Church of Lemon Grove. Institutional representative is R. D. Moore.

Table Tennis Tourney Open

Tournament divisions are advanced, intermediate, novice singles, novice boys singles-15 and under, and novice girls singles-15 and under.

First and second place trophies will be awarded in each event.

Trophies Donated

Coach Bob McDaniel announced that trophies will be awarded to the high point boys team, the high point girls team and to the overall high point team champions. Individual trophies will go to the top three places in each final event and ribbons for the next three contenders.

All trophies awarded are being donated by leading businessmen, merchants, organizations and service clubs.

Champs Coming

Four national record holders from the Los Angeles area are scheduled to compete. They are Gary Hall, Danny Stunkard, Andy Strank and Jerald Paskin, junior olympic breaststroke champion.

The Jack Roth club and Sammy Lee are sending some of the Los Angeles area's top divers, McDaniels said.

Wheels Wheel Away At Cajon Speedway

Carl Adams, Odie Robertson, Mike Vosock, Herb Owens, Butler and Toles all had a shot at winning one of the closest stock car races here this season.

Adams was the early leader, but dropped out when his car lost a wheel negotiating the north turn. Vosock lost a wheel on the 10th lap while he was in second place and challenging.

Wheels Away

Owens had taken the lead on the 16th lap and appeared to have things sewed up until he, too, lost a wheel taking the south turn on the 23rd trip.

Butler and Robertson also took turns leading the pack midway through the race.

Point leader Dick Guest lost the rear end in his car during a heat race. He got a complete new rear end in the car in time for the main event, but had to drop out after one turn of the track.

Harry Jackman of El Cajon won the 8-lap modified hot rod exhibition race while Paul Wilhelm and Augie Foreman followed in order. Friday's powder puff main event was won by Rosie Surdez of Santeee who unofficially took over the distaff point lead.

Modified Winners

Harris Mills of San Diego rolled to the checkered flag ahead of a hard charging pack to win Saturday night's super modified sportsman main event at Cajon Speedway.

Mills grabbed the lead from Dave Greenwell in the 18th lap and held on for the victory in the 20 lap event. The main was originally slated for 40 laps, but was shortened due to the track curfew.

Jack Clegg wheeled Maj Major's Broadway Auto Special to a second place finish followed by Carol Botten and Billy Wilkerson.

After yielding the lead to Mills, Greenwell and Kenny Lengle battled for the second place spot, but both spun-out in the last lap, finishing in the rear of the field. For Clegg, it was another second place finish, repeating his Fourth of July effort.

Ed Van Eyk, the flying Dutchman from Los Angeles, won the abbreviated 20 lap main event, finishing ahead of Chuck Allen, ane Windy Lane of Spring Valley. Van Eky grabbed the lead from Lane in the 1t1h lap and had to battle Allen the remaining laps. The semi was a crash-bang affair, with approximately five restarts, and numerous spins calling for the yellow flag.

Trophy Dash

Cliff Greaser of National City won the three lap Trophy Dash, while Barney White nabbed the B semi-main. Heat races were won by Lane, Oley Olson, Greenwell, and Botten. Fast time of the evening for one lap was turned in by Lengle who was clocked at :17.68 for the quarter-mile oval.
